

Bhavesh Purohit - Curriculum Vitae

Senior Full-Stack PHP Developer with 7.5+ years of experience (including 1 year internship from 2018 to 2019). Skilled in PHP, Laravel, Shopware, Shopify app development, ReactJS, VueJS, and Web3-enabled application development.

Professional Summary

I build robust and scalable web-based applications across eCommerce, communication, and operations platforms. I communicate technical decisions clearly with non-technical stakeholders and collaborate closely with QA and Design teams for fast, reliable delivery.

Core Skills

- Development: Full-stack Development, Progressive Web Apps (PWA)
- Languages: PHP, JavaScript, TypeScript, HTML, CSS
- Frameworks/Libraries: Laravel, Symfony, Shopware, Shopify APIs, VueJS, NuxtJS, ReactJS, jQuery, TailwindCSS, Vite
- Databases: MySQL, MongoDB, Redis, IndexedDB, Dexie
- Web3: Blockchain Integration, Web3 Auth, Wagmi, Viem, RainbowKit, XMTP, Push Protocol
- Cloud/APIs: AWS S3, AWS SNS, Firebase, Google Analytics, Google Maps, Google Dialogflow API
- Real-time: WebSocket, Jitsi Calling, Service Workers
- Tools: Docker, Git, Jira, Trello, Slack, Sentry

Key Projects

VOX (Decentralized Communication Platform) | 09/2025 - 02/2026 | Frontend Lead

- Stack: FastAPI, React 19, TypeScript, Vite, TailwindCSS 4, XMTP, Wagmi, Viem, RainbowKit, Redux Toolkit, Jitsi, Redis, PostgreSQL, Dexie
- Led frontend architecture for wallet-to-wallet messaging and calling with encrypted communication and PWA support.
- Integrated XMTP for decentralized messaging, Jitsi SDK for calls, and Dexie for offline-first local data access.

Shopware Extension Suite | 02/2024 - Ongoing

- Stack: Shopware 6, Symfony, VueJS, Vanilla JS, Twig
- Delivered multiple extensions: category image navigation, CartFlow Enhancer, bulk cart removal, and recent sales info.
- Built integrations for Odoo, QuickBooks, and Xero and implemented UX-focused storefront enhancements.

Aircraft Network | 03/2022 - 02/2024 | Full-stack Developer

- Stack: Laravel, Nuxt.js, Bootstrap 5, MySQL, Docker, AWS CodePipeline, Stripe, Sentry, Google Analytics
- Contributed to DB architecture, admin foundation, and key frontend modules for an aviation marketplace platform.
- Collaborated closely with clients, improved performance/scalability, and optimized SEO behavior.

Medicare Maximus | 11/2021 - 03/2022 | Full-stack Developer

- Stack: Laravel API, VueJS, MySQL, MongoDB, Google Dialogflow API, AWS
- Built chatbot frontend/backend integration and flow-recovery logic for interrupted user sessions.

FinTech App | 09/2019 - 07/2021 | Junior Laravel Developer

- Stack: PHP, Laravel 5.6, HTML, CSS, jQuery, Redis, AWS S3/SES/SNS
- Contributed to feature delivery, documentation support, and performance/reliability improvements.

CRM & Lead Management Suite | 04/2024 - 11/2024

- Private login-protected Laravel/Vue CRM with role-based access, lead lifecycle workflows, and

analytics dashboards.

Inventory & Order Operations Portal | 12/2023 - 03/2024

- Private Laravel operations portal with inventory/order workflows, audit logs, and batch processing jobs.

Service Booking Admin System | 08/2022 - 02/2023

- Private booking and scheduling system with lifecycle management, notifications, and reporting.

Document Workflow Automation Platform | 01/2021 - 08/2021

- Private internal Laravel platform for approvals, version tracking, and controlled publishing.

Shopware Extensions

- Navigation for Category Images
- Odoo Integration
- CartFlow Enhancer
- Bulk Remove from Cart
- QuickBooks Integration
- Slideln Sticky Offer Banner
- Sort by Reviews
- Xero Integration
- Recent Sales Info

Shopify Apps

- Smart Bundle Builder: Dynamic product bundles with configurable discount logic and real-time pricing behavior.
- Order Export Automation: Scheduled and on-demand order export reporting with accounting-ready outputs.

Education

- BE Computer Engineering, GTU, Ahmedabad

Early Career

- 1-year internship at Silverwing Pvt Ltd, Ahmedabad (2018 to 2019)
